Initial ____ 3. I agree to the use of local anesthesia and the use of nitrous oxide/oxygen analgesia depending on the judgment of the doctor. Nitrous oxide/oxygen may occasionally produce nausea and vomiting. I am also aware that the nose piece leaves an indentation or ring around the nose which disappears shortly after the procedure. I understand and have been informed of the above risks and complications.

Initial ____ 4. I recognize that during the course of treatment unforeseen circumstances may necessitate additional or different procedures from those discussed. I therefore authorize and request the performance of any additional procedures that are deemed necessary or desirable to oral health and well being in the professional judgment of the dentist.

The most common of these are swelling, bleeding, pain, nausea, vomiting, bruising, tingling and numbness of the lips, gums, face and tongue, allergic reactions, hematoma (swelling or bleeding at or near the injection site) fainting, lip and cheek biting resulting in ulceration and infection of the mucosa. I also understand that there are rare potential risks such as unfavorable reactions to the medications in respiratory and cardiovascular collapse (stopping of breathing and heart function) and lack of oxygen to the brain that could result in coma or death. I understand and have been informed of the above risks and complications.

Initial ____ 6. I also authorize the doctors to use photographs, radiographs and other diagnostic materials and treatment records for the purposes of teaching, research and scientific publications.

Initial ____ 7. I will be advised that the success of the dental treatment to be provided will require that the patient and the parents follow post-operative and post-care instructions of the dentist. Initial ____ 8. I have been informed of the treatment plan and associated fees. I agree to be responsible for all charges for dental services and materials not paid by my dental benefit plan, unless prohibited by law, or the treating dentist or dental practice has a contractual agreement with my plan prohibiting all or a portion of such charges.
